

Boycott Hate

Boycott the BDS Movement

BDS (Boycott, Divestment & Sanctions) ignores a major obstacle to peace: Terrorism.

BDS ignores hate education and glorification of murder under Hamas and the PA.

BDS ignores the extremist goals of Hamas, Islamic Jihad, Fatah, and other Palestinian groups.

BDS ignores Israel's peace offers and Palestinian rejectionism.

“It is hard to see how organizing events such as ‘Israel Apartheid Week’ or BDS campaigns on a university campus could help the cause of the Palestinians. Isn’t there already enough anti-Israel incitement that is being spewed out of Arab and Islamic media outlets? If anyone is entitled to be called ‘pro-Palestinian,’ it is those who are publicly campaigning against financial corruption and abuse of human rights by Fatah and Hamas...Those who are trying to change the system from within belong to the real ‘pro-Palestinian’ camp.”

–Khaled Abu Toameh, Israeli-Palestinian journalist, November 17, 2009

Pro-Israel. Pro-Palestinian. Pro-Peace.
